# Amélioration sur l'outil

- Ajouter d'autres plateformes mettant des trackers qui dox
- Automatiser la découverte sur les plateformes sans devoir aller manuellement depuis mobile
- Avoir un output plus clean (Excel, json, ...)

# Comment désactiver ?

- TikTok : Paramètres & confidentialité > Confidentialité > Suggérer votre compte aux autres > **Désactivez l'option** « Personnes qui envoient ou ouvrent des liens »

- Instagram : **tu ne peux pas** ❌

<https://help.instagram.com/2599848706833869>

sauf en utilisant Brave :

<https://github.com/brave/brave-browser/issues/35094>

- Facebook : **tu ne peux pas** ❌
